About Us

Rooted in pharmacy, blossomed in beauty

Since 1953, our heritage has been rooted in the world of pharmacy. What began as Doga Pharmaceutical Raw Materials, a trusted pharmaceutical raw material depot supplying the highest quality ingredients to over 5000 pharmacies across Turkey, has grown into a new expression: Bossforskiy Cosmetics.

Not a subsidiary, but an extension of this legacy, Bossforskiy carries forward decades of pharmaceutical expertise into the world of beauty. Every formula is crafted with precision, blending time-honored ingredients with modern innovation to deliver visible results and a luxurious sensory experience.

Our first and flagship creation is a moisturizing cream — a symbol of comfort, softness, and elegance in every touch. With its compact, refined packaging, it turns daily care into everyday luxury.

Looking ahead, Bossforskiy is expanding into a complete universe of beauty. Our mission is to become a globally recognized name, trusted by women for quality, elegance, and timeless care.

Our Philosophy

Elegance is our language

At Bossforskiy, philosophy is simple yet profound: beauty must be trusted, effortless, and timeless. Rooted in decades of pharmaceutical expertise, we create skincare that unites scientific precision with the art of elegance. Every detail — from formula to packaging — is designed to elevate daily rituals into moments of luxury

Moisturizing Stick (Softness and grace in every glide)

At Bossforskiy, we believe that beauty is born at the meeting point of worlds — where heritage inspires innovation and traditions find new meaning. Inspired by Istanbul, a city where continents embrace and cultures intertwine, our philosophy transforms knowledge into artistry and care into elegance.

For us, skincare is both protection and expression: shaped by history, refined through experience, and elevated into an everyday gesture of sophistication. Each product embodies our devotion to quality, comfort, and grace — values that transcend borders and speak to women everywhere.

Cream sticks page

Our first creation sets the tone for everything we believe in: care that feels effortless, elegant, and timeless.

The Moisturizing Stick is designed for women who value both comfort and refinement in their daily rituals. With its compact form, it slips easily into any bag, becoming a companion for every moment — from a busy day to a quiet evening.

Each touch delivers softness, hydration, and a sense of grace that lingers. More than just skincare, it is a gesture of beauty you can carry everywhere.

Crafted with nature's most caring ingredients, the Bossforskiy Moisturizing Stick restores softness and comfort to your skin. Shea Butter and Almond Oil nourish and smooth, while gentle actives calm and protect against dryness. Each touch leaves the skin hydrated, supple, and radiant — turning daily care into a moment of pure elegance.

Skincare page

At the heart of every Bossforskiy creation lies a selection of carefully chosen ingredients. Each one is blended with purpose — to nourish, protect, and enhance the natural beauty of your skin. Together, they transform simple care into an experience of comfort and elegance.

Key Ingredients

Shea Butter
Nourishes, softens, and restores vitality.

Sweet Almond Oil
Smooths, soothes, and protects even sensitive skin.

D-Panthenol
Calms, heals, and locks in moisture.

Vitamin E
Shields against aging and preserves firmness.

IPM
Gives a silky touch and enhances absorption.

Petrolatum
Seals in hydration, protecting from dryness.
